

PROF. DAVID RAYMOND

Adjunct Assistant Professor

I look forward to sharing my lifetime of experiences with those who see the Criminal Justice field as a challenging career. I retired after more than 20 years as a Special Agent for the FBI. Over that time, I pursued many specialties that made the job even more interesting than being a run-of-the-mill agent, such as Bomb Technician, WMD Coordinator, Firearms Instructor, HAZMAT Technician, Search and Rescue Specialist, Evidence Collection Team Lead, Counterterrorism Investigator, and Counterintelligence Investigator.

Prior to my time in the Bureau, I spent 10+ years active duty as a Naval Intelligence Officer.

I am married and consider my most important jobs as husband, and father to my teenage son
